

vivo. rewards

The **online** rewards platform

Welcome to Vivo!

A rewarding experience

Combining the technology that students enjoy, with the rewards they want and can choose themselves, **Vivo** is an award-winning online rewards system which truly motivates and engages every learner.

And motivated and engaged learners create results; including improved performance, behaviour and attendance, leading to higher exam grades and league table positions. That's why **Vivo** is already being used by 1/4 million students in schools across 72 local authorities. That's the power of **Vivo**.

Here's what makes Vivo so great:

- All the latest web and smartphone technologies that students enjoy.
- Hundreds of reward options for students to choose from; charity donations; sports equipment; Prom tickets – there's something to inspire everyone.
- Easy to set-up, administer and control with auto-rewarding options for attendance, punctuality and healthy-eating.
- Fully customisable to match your school's rewards and behaviour policy, ethos and budget.
- Parental login and real-time reporting enhancing communication with parents.
- Tracking and reporting tools providing rewarding transparency and fairness.
- Full seamless MIS integration and single sign-on access via your VLE.

And our survey said...

We interviewed all our schools to see how Vivo had delivered against their investment criteria. Their response was overwhelming...

96% agreed **Vivo** had contributed to improved **Academic Performance**; **93%** to improvements in **Behaviour**; and **83%** to better **Attendance**.

92% said **Vivo** had helped address **Every Child Matters** objectives; **85%** **Personal Finance** teaching and **71%** building **Community Cohesion**.

94% agreed **Vivo** was **more motivational** than their previous scheme, **72%** saying it had led to **admin savings**, and **82%** agreeing it was more **cost-effective**.

1. Staff View

3 click rewarding online, on your Smartphone, or directly via your MIS*

Easy Access

Login via the web or mobile app, both in and out of school, to award students points called **Vivos**.

Lesson Import

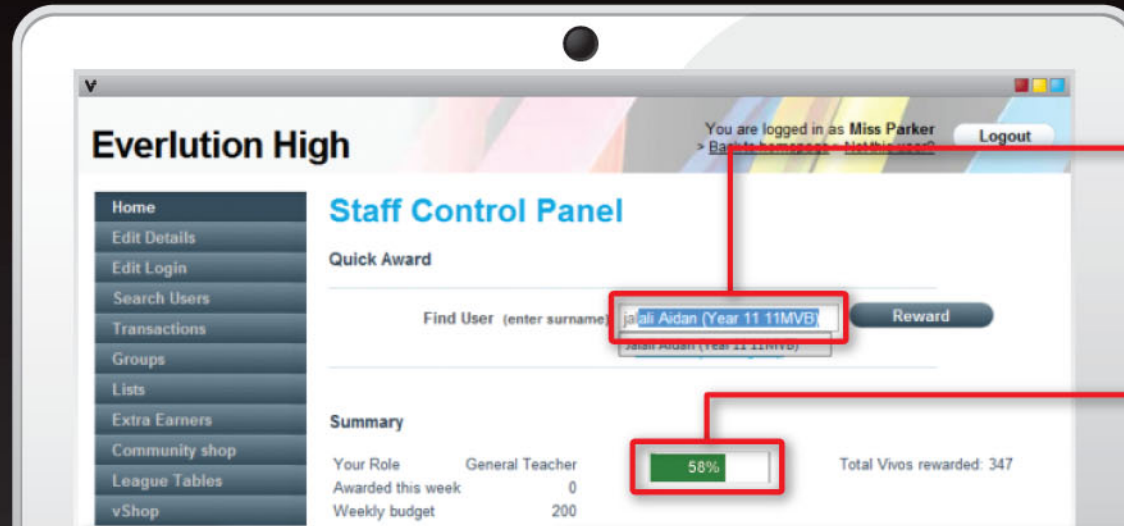

Access your lessons pulled from your MIS to reward students in that lesson quickly and easily.

Your lessons:

- 10A/Re1
- 10b1/En2
- 11r/En2
- 7h/Ge2
- 7g/Ge2

Instant Rewarding

- 1 Choose who to reward.
- 2 What to reward them for (as set by the school)...
- 3 ...and Submit.

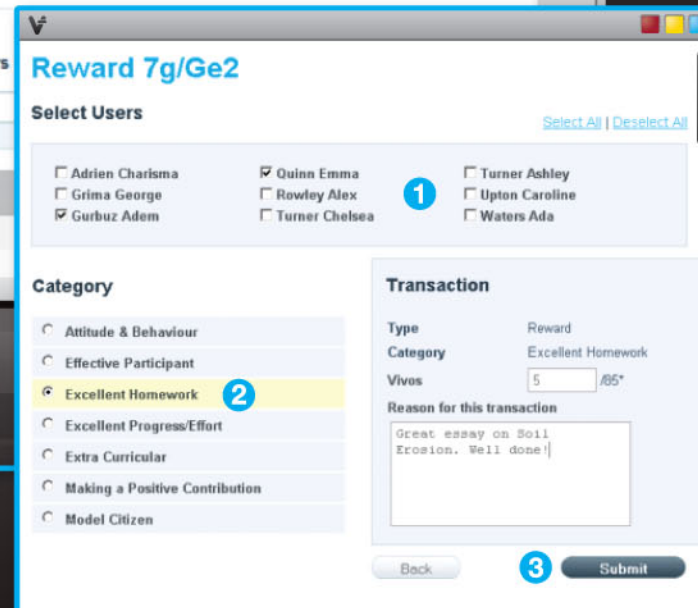

Quick Search

Find individual students to reward; names appear intuitively as you type.

Budget Controls

Set staff weekly awarding limits and points per reward category, ensuring consistency and control.

* Achievement and behaviour events logged in your MIS can export nightly to **Vivo**.

2. Student View

Reward choices to motivate every student

Anytime Access

Students login online or from their mobile, to access real-time information on their **Vivo** points balance and reward transactions.

The screenshot displays the VShop interface with the following sections:

Statistics

View rewarding statistics, export leagues and track staff usage, ensuring transparency and fairness.

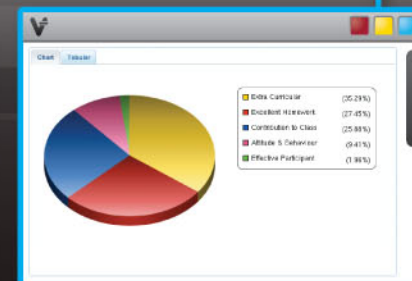

Certificate Printing

Auto-print student names and data on smart **Vivo**-branded certificates with a click of a button.

Auto-Awarding

Set your attendance and punctuality targets and let **Vivo** automatically reward students who meet them.

“ The **Vivo** rewards system has replaced our out-dated sticker-based system so completely that all school rewards are now handled through the **Vivo** site.

The speed with which students, parents and staff have engaged with the system has been astonishing.

Every stakeholder has thought it a great idea from the moment they were first introduced. **Vivo** has tapped into something that kids want, and found a way to make it easy for staff to use as positive reinforcement leverage. ”
